

## North Ayrshire Housing Register Performance report 1st April 2011 to 31st March 2012

## **NAHR Partnership Key Objectives**

### **North Ayrshire Housing Register**

- To ensure that people have fair and open access to available social housing in North Ayrshire
- To simplify access routes to social housing in North Ayrshire
- To contribute housing need analysis which supports the Local Housing Strategy and assists all social landlords operating in North Ayrshire plan for future housing development in the area

### **North Ayrshire Housing Allocation Policy**

- To give reasonable preference to applicants in the greatest housing need
- Make best use of available housing stock
- Maximise applicant choice
- Contribute to sustainable communities in North Ayrshire

We aim to deliver a high quality service to applicants on the North Ayrshire Housing Register (NAHR). A sound performance management framework helps us to show how well we are achieving our objectives. If you cannot see success, you cannot learn from it. Equally, if you cannot recognise failure you cannot correct it. It is important that we have a performance-monitoring framework in place to provide us with a methodology that: -

- ensures that applicants and potential applicants get the best possible service
- allows us to assess systematically whether we are meeting the standards and targets we have set
- ensures the most effective use of our resources
- ensures that off target performance is reviewed and corrective/improvement action taken as appropriate so that planned targets and objectives are achieved.

This report contains the performance figures from 1<sup>st</sup> April 2011 to 31<sup>st</sup> March 2012
